It has been 4 years since I quit publishing *Bob Springer's Texas Basketball Magazine* after 24 years. I sold out to David Campbell so they could produce the current *David Campbell's Texas Basketball Magazine*. Due to my health: (limited mobility).... four years with a wound on my left foot caused by Diabetes, had surgery to correct, and also had ankle replacement surgery on my right ankle, everything else is fine. I had to give up covering the Boys and Girls State Championships after the move to the Alamodome endangered my health. I also do not attend games, I do not go to coaching clinics and wound up quit working for Shoot-A-Way after 20 years, all the things I always loved doing, but it looks like old age is catching up with me.

I love basketball and making the Museum available 24-7 just call me and let me know when you plan on coming day or night.

Your help is appreciated, and look forward to your visit.
